RE: Schedule for Submittal of Work Plan and Associated Documents
Waukegan Manufactured Gas and Coke Plant Site RI/FS

Dear Ms. Nolan:

As we discussed in our telephone conversation earlier today, the schedule for submittal of the above-referenced documents has been revised.

This letter is written to confirm that the revised Work Plan, Field Sampling Plan, and Health and Safety Plan will be submitted to the U.S. EPA on July 2, 1991. As we agreed, the schedule for submitting the revised Quality Assurance Project Plan will be determined following Barr's receipt of U.S. EPA comments on the information we sent to you last week. You indicated that these comments would be complete on June 20, 1991.

Please call if you have any questions about these revised submittal dates.

Sincerely,

Michael M. Relf
